

Name _____ Hour _____

Biological Phenomenon Illustration and Explanation Assignment

The final part of your assignment is to share your illustration with a parent or other adult over the next couple of days. You should share both your illustration and a verbal explanation. Be prepared to answer any follow-up questions your adult conversation partner may have.

After you have shared, have your conversation partner complete the following:

1. My student articulated a scientific explanation of his/her illustration in a way that made clear sense to me.

Yes Somewhat No

2. My student showed interest in my questions and thoughts related to his/her illustration.

Yes Somewhat No

Parent/Adult Signature: _____ Date: _____
