

## Faith and Science Parent Survey

**I am a:**

- Student
- Parent

**1. A good scientist can NOT believe that supernatural miracles are possible.**

- Strongly Agree
- Agree
- Not Sure
- Disagree
- Strongly Disagree

**2. The scientific view is that prayers can NOT make a difference to what happens in the future, they only comfort people.**

- Strongly Agree
- Agree
- Not Sure
- Disagree
- Strongly Disagree

**3. A good scientist can NOT believe that the universe was created about 6000 years ago.**

- Strongly Agree
- Agree
- Not Sure
- Disagree
- Strongly Disagree

**4. Science and religion disagree on so many things that you cannot believe both.**

- Strongly Agree
- Agree
- Not Sure
- Disagree
- Strongly Disagree

**5. Science supports my faith in God.**

- Strongly Agree
- Agree
- Not Sure
- Disagree
- Strongly Disagree

**6. The scientific and the religious versions of how the universe began CAN NOT both be true.**

- Strongly Agree
- Agree
- Not Sure
- Disagree
- Strongly Disagree

**7. Religious ideas about how the universe began have been proved wrong by science.**

- Strongly Agree
- Agree
- Not Sure
- Disagree
- Strongly Disagree

**8. One day, we may be able to explain everything that happens using science alone.**

- Strongly Agree
- Agree
- Not Sure
- Disagree
- Strongly Disagree

**9. I believe the laws of nature decide everything that happens in the universe.**

- Strongly Agree
- Agree
- Not Sure
- Disagree
- Strongly Disagree

**10. I accept the scientific theory of evolution as explanation for the different kinds of life on earth.**

- Strongly Agree
- Agree
- Not Sure
- Disagree
- Strongly Disagree

**11. I believe that God plays a role in evolution.**

- Strongly Agree
- Agree
- Not Sure
- Disagree
- Strongly Disagree

**12. I believe it is possible to be a good Christian and a good scientist.**

- Strongly Agree
- Agree
- Not Sure
- Disagree
- Strongly Disagree

Questions adapted from Taber, K. S., Billingsley, B., Riga, F., & Newdick, H. (2011b, June). To what extent do pupils perceive science to be inconsistent with religious faith? An exploratory survey of 13-14 year-old English pupils [Electronic version]. *Science Education International*, 22(2), 99-118.
